TALL SHIPS IN NEWPORT

The local visit of the Tall Ships attracted visitors to Newport harbor by the thousands. People came by land and they came by water to enjoy once more the sight of the majestic sailing ships that remain one of the masterpieces of the shipbuilders' art. Thanks to excellent preparation, the crush that created one of the spectacular traffic jams of this half of the century in 1982 did not happen. Newport established a ring of parking lots outside of the city

Selectmen's Meeting

JULY 1, 1986 - by VIRGINIA ARRAL
FUNDS FOR NEW AMBULANCE DONATED
BY TOWN BENEFACTOR

For the second time in nine years, an ambulance has been donated to the town. Police Chief James A. Moran informed Selectmen at the Tuesday, July 1st, meeting. He expects delivery in five to six months, most probably in December - a nice Christmas present for the town.

Chief Moran said he has met with the

donor for the past three months to decide which ambulance should be purchased. The donor and the chief decided on a 1986 Yankee Coach Pioneer III with a 354 Ford chassis as the one best fitted for Mattapoisett's needs. He said the ambulance is made in Palmer, Mass. and was checked by him through its various stages.

Moran said the present ambulance was donated in 1977 and has been in need of numerous repairs. Also, he said, in the past nine years there have been new state standards the present ambulance does not meet. He noted that the new vehicle is state-certified and is completely updated.

Chief Moran explained that state and federal rules have called for updating of ambulances regarding patient care, oxygen system facilities and storage of supplies since 1977. He noted the standards of a minimum of two EMTs in an ambulance including the driver remain the same, as well as the rule that there be three EMTs for cardiac cases, two in the back with the patient and one driver.

The chief said the present ambulance will either be sold or traded in for about \$5,000, with the final amount of \$42,020 donated. "The town will not have to come up with any money at all," said Moran.

Selectmen Chairman John DeCosta commented that because of Proposition 2½ restrictions the town couldn't come up with the funds to purchase a much needed ambulance this year. "The donor (whose name is being withheld at his request) saw the need and offered the necessary funds", said the chairman. The board voted to accept the donation and unanimously extended their appreciation and thanks to the individual who so generously donated the funds for the new ambulance. Chief Moran said Mattapoisett is very special - that's what is so great about the town. He stressed the new donor is not necessarily the same person who donated the ambulance in 1977.

NED'S POINT CLOSED TO BOAT USE

"An accident waiting to happen" is the situation at Ned's Point as described by Selectman Frank Suzan. He referred to the many windsurfers launching and beaching their craft on the small stretch of public beach. Selectmen agreed that as the use is increased, public safety becomes a major concern.

Selectmen voted unanimously to restrict the launching of any boat or sailboard from Ned's Point Beach and Park area, effective July 1 through Labor Day. A public hearing will be held as soon as possible on the

new ruling. The police department will enforce the restriction - any violators will be subject to a \$25. fine.

Town Counsel Donald Fleming stressed the area must be officially posted before the rule can be enforced. Fleming explained that under the state General Laws Selectmen act as Park Commissioners and are authorized to make rules and regulations regarding the park. He also noted that because the town wharf is open to the public, wind-

surfers would be eligible to launch there. However, Selectman Suzan noted that because there is a no swimming rule at the wharves, it could hamper launching wind-surfing craft.

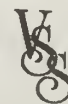

Attorney Fleming informed the Board it should obtain a written report from either Police Chief James Moran or a police officer confirming the parking congestion and safety factor to swimmers on the small stretch of public beach to verify the ruling in case there is a complaint or question on the restriction.

Selectmen were brought to their decision by reports from the police chief, Selectmen Suzan and James Huntoon. Other problem areas are Reservation Beach and Gibbons' Beach (a private beach). Chairman DeCosta commented "our harbor is one of the last open to such activities. Soon there will be an abundance of various groups and activities. The prevailing winds off Mattapoisett are bringing these groups." Chief Moran concurred, saying he has received telephone calls from distant towns requesting information about the beaches in town

to launch their craft.

Suzan said he checked Ned's Point the previous Sunday at 8:30 and 10 a.m., 12 noon and by 2 p.m. there were 51 autos - nine with Mattapoisett stickers. At Reservation Beach, there were 22 cars, four with stickers. Chief Moran said if "we had to get an ambulance into Reservation Beach it couldn't be done with all the cars in there".

Selectmen explained only a small section of Ned's Point Beach is town owned; the

adjacent section is owned by the Mattapoisett Land Trust; next to that is privately owned. Windsurfers would have to get permission from the Land Trust to launch or beach there - "we don't control that section". Huntton explained the concern experienced by the Gibbons family when windsurfers disrupted a birthday party when it was in progress at their private beach.

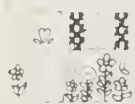

On a separate matter, Chief Moran reported to the board that there had been some trouble at the first teen-age dance on the previous Thursday at the town wharf. He said the problem wasn't with the approximately 450 young people at the dance, but with the approximately 200 young people floating around town. He said there were five arrests for various reasons. He noted there were three police officers on duty at the dance but five is needed. "If problems keep occurring I will have to close the dances down", said the chief. "Mudgie (Maurice Tavares, who supervises the dances under the sponsorship of the Mattapoisett Track Club) is not to blame for the problems, and I told him we will try one more week to see how the young people act," the chief added.

fighter. Selectmen called for a joint meeting on August 12th to discuss Linhares' request to have the town pay for the books for and a CPR Instructor's Course he attended while the chief was on vacation. At a previous meeting Chief Wood related that a firefighter had attended the course with the approval of Ronald Scott. The chief and selectmen questioned whether that approval was sufficient and asked Linhares for his explanation.

Linhares wrote: "I went to the duty officer (Scott) that you had left in charge and asked him for permission to attend the course, since the Fire Department cannot give a recertification for instructors in town. He said it was okay to go and he would let the chief know about it when he got back from vacation."

Linhares gave some background on the sub-

ject; namely, in 1971, three firefighters took the CPR course so the department could have in-house instructors to comply with regulations. "Every other year we have re-certified as instructors for the department, and the department has paid full hours and

"I feel that we should be paid the full hours and for materials for any recertification course that we take for the department since the department has paid us for the last 10 years. Since you (Chief Wood) and your deputy recruit from outside the department, we should not be penalized and have to give up our positions as instructors for the town."

Chairman DeCosta noted all CPR instruction is now done by the Police Department. An inquiry will be sent to Police Lt. James A. Santos asking if the town needs another instructor.

HEARD A REPORT by Selectman Huntoon, the Board's representative to the renamed ORR Advisory Committee. He noted the word "financial" was dropped to make the committee less restricted in its actions.

Huntoon said the committee will contain 15 members comprised of one from each town - Marion, Mattapoisett and Rochester - of Selectmen, Finance Committee, ORR District School Committee, local School Committee, and a town resident member-at-large. He added that if any resident of either of the three towns wishes to serve they should send a letter to their respective Selectmen's office.

Huntoon further explained there will be several sub-committees appointed to meet more often on specific matters; such as SRPEDD assistance; press relations program; five-year operating and capital budget; new agreement on capital expenses. All

WERE INFORMED by the New Bedford Animal Rescue League that beginning on July 1st, 1986, the overall cost of boarding will increase 5.5 percent, from \$5.50 per dog per day of confinement to \$5.80 per day.

The league has for the past three years kept the cost of animal care stable, but cannot bear the burden this year. The league provides coverage 24 hours per day in emergency ambulance services, adoptions by caring individuals, as well as free spaying or neutering for pets adopted from the league. The town's contract this year was for \$2,117; \$2,300 has been allocated for the fiscal 1987 budget to cover the increase.

RECEIVED A LETTER of application from Arthur L. Hovasse, 4 Cannon Street to be considered for an appointment to the Board of Appeals. Hovasse, owner of The Pen and The Pendulum, feels his experience will be beneficial to the town. His letter will be placed on file until a vacancy arises at which time his name will be considered.

RECEIVED A REQUEST from the chairman of the Mattapoisett School Committee asking that a date for a special town meeting be set as soon as possible.

Chairman DeCosta noted "we have to wait until after the state certifies the town's free cash figure, usually 30 to 60 days after July 1st." School Committee Chairman Ellen Driscoll wrote, "The School Committee agreed to return to the town the sum of \$30,000 which was to be applied to the School Committee's fiscal 1987 budget. Voter action at a special town meeting will be necessary before these funds can be used for the coming year."

MATTAPOISETT SELECTMEN'S MEETING
JULY 8, 1986 - by VIRGINIA ARRAL
MOMENT OF SILENCE OBSERVED

At the beginning of the July 8th Selectmen's meeting, a moment of silence was observed in memory of Anna J. Bradley and Donald Stanley.

Selectmen Chairman John DeCosta said Mrs. Bradley will be remembered for her dedication to the town of Mattapoisett on various committees and as a reporter for the New Bedford Standard-Times covering the Selectmen's meetings for over 40 years. Among his thoughts were of Mrs. Bradley and his late mother, Grace DeCosta, making wreaths of lilacs for Memorial Day exercises. Mrs. Bradley was the wife of the late Fire Chief George C. Bradley; the mother of the late Fire Chief Paul J. Bradley and the mother of two other sons, Leman of South Carolina, and John, who presently serves on the Fire Department.

Donald Stanley, the pastor of Friends Meeting House, will be remembered for his part in renewing the building that houses the Friends Meeting and for his participation in the Ecumenical services with St. Anthony's Church and the Mattapoisett Congregational Church.

amended their previous action on restricting windsurfing at Ned's Point to adopting a policy "Limiting windsurfing at Neds' Point by privilege permits only". Those residents entitled to permits may obtain them for \$1. at the Selectmen's office.

Although Selectman Frank Suzan cited several problems that could arise, Selectman James F. Huntoon said first you create a ruling that makes sense - then you handle each abuse or other problem on a one-by-one basis. A public hearing will be held at 7:30 p.m. July 29th on the restrictions.

Attending the meeting was Paul Lariviere, an avid windsurfer who said he understood the Selectmen's position on safety but felt most windsurfers are concerned with losing that area to launch and beach. He urged the Selectmen to reconsider the restriction, saying, "It's a shame for local people to be denied use of the area. Windsurfing is

a fast growing sport."

Huntoon noted he had spoken with windsurfers at Ned's Point and urged the rest of the board to withhold any restrictive policy until after the hearing. "When we jumped the gun last week, we had not experienced the July 4th weekend, and it was not as crowded as we expected."

Suzan responded to Lariviere saying, "there isn't room for swimmers and windsurfers" and recommended placing restrictions right away. "If we don't nip it in the bud, we will be inundated with congestion and the liability will be enormous if anything happens," said Suzan.

Selectmen agreed if Ned's Point is restricted to Mattapoisett residents only, the area will have to be policed to check for stickers. It was agreed there will be signs posted. Also, Selectmen and Lariviere agreed that "word of mouth" will get the message to out-of-town windsurfers that the park is restricted to town residents only.

Lariviere noted that the out-of-town windsurfers will go to Reservation Beach, then the golfers will complain. He added that a group of windsurfers would be willing to finance placing a roped off section a short distance from the Ned's Point beach where a windsurfer could come in and then walk to shore.

In commenting on the vandalism and speeding at Ned's Point, Huntoon said the wind-

surfers are very clean and law abiding persons, and what he observed is done mostly by town residents and not the windsurfing people.

In other business, Selectmen:

RECEIVED NOTICE from the DEQE that the waters and flats and all tributaries of the Mattapoisett River north of a line drawn across the mouth of the river is closed to the harvesting of shellfish for human consumption. The prohibition has been extended for an additional 30 days. Selectmen noted this area has been closed for over a year. DEQE has done two tests with two inspectors in conjunction with Shellfish Constable Brian Nunes. Selectmen Chairman John DeCosta said this is not a seasonal problem - it has continued to be polluted all year round. There is even a problem around Wolf Island Road in the

river.

Selectman Suzan said some people say the pollution is coming from a pig farm in Rochester. "We could lose our herring and have a long-term problem if the river isn't cleaned up." Chairman DeCosta asked Carol

RECEIVED A LETTER from Ralph Wordell, chairman of the Water and Sewer Commissioners, in response to the Selectmen's inquiry about a possible water tie-in to the proposed apartment complex on Fairhaven Road.

Wordell's letter noted there are certain legal problems whereby the Town of Fairhaven cannot furnish water to the inhabitants of Mattapoisett - this is explained by Fairhaven's town counsel as needing a special act of the legislature, based on state general laws.

Wordell further noted the Water and Sewer

Commissioners plan to meet with the proposed developer of the Fairhaven Road complex to discuss the possibilities of connecting to Mattapoisett's water supply. As of this date, "we have had no official inquiry as to the availability of water other than your (Selectmen's) letter".

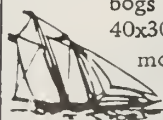

RECEIVED A COPY OF A LETTER sent by Building Inspector David Crook to George C. Avila, 42 Pearl Street, in response to Avila's complaint of the laundromat at 45 Pearl Street (across the street from Avila's house).

Avila complained about the unpleasant laundry odors emanating from the premises, and questioned the opening hours of the operation. (He observed the doors opened earlier than permitted.) The inspector noted he spoke with Bruce Rocha, owner of the laundromat, regarding the complaints. Rocha said the hours are as stated by the Special Permit authorized by the Board of Appeals. Rocha said if Mr. Avila observed the doors open earlier, it was because the employees were cleaning the building before opening to the public.

Regarding the odors, Rocha indicated he would be pleased to meet with Avila and anyone else who would be interested to discuss any issues they find disturbing regard-

Cup Plates at Harbor Days

One hundred "Tabitha Inn" Cup Plates will be offered for sale at the Mattapoisett Harbor Days Fair - July 19 and 20, at the lovely Park on the Bay - at a booth being shared by the Fairhaven Savings Bank and "Dollars for Scholars".

The design of the plate evokes nostalgia from several very different groups of people. There are those who exclaim, "Oh, I had my wedding reception there!"

And a white-haired gentleman with a weatherbeaten tan said, "I lived there during my Coast Guard training days".

And, some young, young ladies said, "That looks like the place where we visited our grandmother - Our Lady's Haven."

The fact is they were all right. The Tabitha Inn, built at the direction of Henry Huttleston Rogers, was different from all the other buildings he ordered in that he did not give this one to the town. It was meant from the start to be a commercial venture. It started out as an elegant hotel and some of its grandeur remains in the leaded glass windows, carved Tudor roses, and some of the lighting fixtures. It became more commercial with time, at-

For two years during World War II it was home to U.S. Coast Guard trainees and thereafter was sold to the Diocese of Fall River, and converted into a nursing home - Our Lady's Haven, which it is today.

The Tabitha Inn Cup Plate is #6 in the Rogers-of-Fairhaven series, sponsored by Fairhaven Savings Bank for the benefit of the Community Trust Fund. It was designed by George C. Avila and produced by Pairpoint in Blueberry Blue and Amber Gold. These collectors' items sell for \$9.52 plus the 48¢ tax (\$10 each).

Mattapoisett residents who will greet fairgoers at the booth include the cup plate designer - George Avila and his wife, Dee; Mr. and Mrs. Donat Couet and

Mr. and Mrs. Raymond Covill. Fairhaven Savings Bank staff will include Rochelle Rousseau, Dawn Maitoxa and Sandie Medeiros.

The festive blue and white booth with its striped awning roof was designed and built for the Community Trust Fund by the students

the same 20 pounds.
Then I said, this time
it's going to be different.

I tried every pill, every gimmick
to lose weight. Only to feel
miserable when I gained it
all back. Finally I said no,
never again—this time I'm
going to Diet Center. I lost
the weight, without

cants of the Rochester Congregational Church were given permission to form the First Church of the Second Precinct of Rochester because it was so difficult to attend church in Rochester. The roads were hardly more than trails and there were no wagons, just ox carts and horse carts, and when they reached their final destination, the church meeting house was cold.

These early parishioners built a meeting house in Mattapoisett at Meeting House Hill, later called Zion's Hill, at the fork of what is now Acushnet Road and River Road. In this locality stood Hammondtown, the oldest settlement of Mattapoisett. There was no village on the harbor.

fail; she rarely missed the Woman's Club Literature meetings and lunches, and often shared amusing stories with her friends; she attended church faithfully and was always greeted by her many friends at the coffee hours; friends greeted her when she stopped at the Seaport Pharmacy for her favorite drink, a coffee fizz; and, last, but not least, she never missed a family gathering, of which there were many since she became a great-great grandmother.

Hers was a familiar face at the former Mattapoisett Grange, school functions, Selectmen's meetings and other town events in her capacity as correspondent to the New Bedford Standard-Times for over 40 years. This is when I met the lady who has been my friend for almost 30 years. She always gave me a hand in identifying townspeople when I was a novice correspondent. For this I will always be grateful.

Anna was fortunate to have had a very devoted family and a host of loyal friends. She touched the lives of so many people, and they will miss her. I am one of those friends.

THE RUBY

BIRTHSTONE FOR JULY

The RUBY is "The Sun's Own Gem," a regal stone for men or women. Ranked among the world's most precious gems, the finest RUBIES of a larger size exceed in value fine Diamonds in similar size.

As a birthstone, the RUBY symbolizes freedom, charity, dignity and divine power.

The RUBY is the deep red variety of the mineral Corundum. In pink and other colors, gem Corundum is known as Sapphire. Both star RUBIES and star Sapphires, with their six rays, hold a special fascination for many persons.

The ancient lands of the Far East are the source of the most beautiful and valuable RUBIES. From Mogok in Upper Burma, about ninety miles from Kipling's Mandalay, come the true Pigeon Blood RUBIES. There they are mined by natives according to their centuries-old customs.

The famous Hill of Precious Stones near Bangkok, Siam, yields RUBIES of a darker shade which are therefore slightly less valuable. Still other sources include Ceylon, where paler but exceptionally brilliant stones are found, and the Amir's mine near Kabul, Afghanistan; a few are found in North Carolina.

Some of the world's most famous and valuable gems are RUBIES - large RUBIES because of their extreme value remain almost the exclusive property of Royalty and very wealthy people. However, there are many smaller RUBIES available, and when used in combination with Diamonds their deep color creates striking effects.

Birth Announcement

A son, Peter David Jensen, was born June 20th in New Bedford to Ken and Lisa Jensen.

Here's how Chiropractic treats Back Problems

Persistent or recurring aches in the lower back and limbs may suggest a possible lower spinal or pelvic problem. This often requires a structural correction of the cause in order to relieve the condition. Although drugs may hide the pain temporarily, the spine and sacroiliac must be aligned to their proper position for normal function.

The doctor of chiropractic has made a special study of conditions related to the sacroiliac, spine and nervous system. She seeks to not only locate the problem and give relief from symptoms, but also to correct the fundamental cause as well as offer preventive, rehabilitation, and maintenance counsel.

Letter to the Editor

DEAR NEIGHBORS:

Because I don't want to make any hard
feelings among my own neighbors, this let-
ter is addressed to all neighbors, and per-
haps it could be YOU.

There is a leash law in our town, the
exact restraints of which perhaps should
be published periodically, to remind us
more exactly of what becomes vague in the
memory. I am a dog lover, and own one who

gets walked on a leash at least several
times a day, exercise for both of us and
for the more obvious reason, hopefully
avoiding lawns along the way. After walk-
ing my own and keeping him restrained, to
come home and clean up my own yard after
other dogs is really no fun.

Now if my neighbor, for whatever reason,
finds it easier to let his dog out the door,
why not restrain him by whatever means to
his own backyard instead of giving him the

freedom to use anyone else's yard as a bathroom for someone else to clean up.

While you sleep your dog may be roaming under someone else's bedroom window to become an unwelcome barking alarm clock in the early hours. As a matter of fact, this long overdue complaint was composed while lying in bed very early one weekend morning after being awakened at an unforgiveably early hour by a barking four-legged neighbor.

Dear Neighbor, could this be you or yours?? I'm sure my letter could easily be signed by many neighbors in our lovely town. This is written for all good neighbors.

PAINTING EXHIBITION

A two-person exhibition of paintings opened Friday, July 11th, at the Marion Art Center. The featured artists are Alan McCord and Laurie Nicholson. Both artists have spent summers in Marion and are looking forward to renewing old friendships in this summer spot from their youth.

Laurie Nicholson now lives and works in Allston, Mass., where she has her own studio. After graduating from S.M.U. with a degree in Fine Arts, Ms. Nicholson then received a M.F.A. from Massachusetts College of Art in 1985. She has exhibited in the Boston area and in some group shows in New York and New England.

Alan McCord lives in New York City. He is a graduate of Curry College in Milton, Mass. and continued his art education in

hazardous wastes? One is banned pesticides, which are highly toxic. Disposing of them through conventional means could poison groundwater and eventually cause human fatalities. Another is paint. Paints can contain esters (methyl acetate, ethyl acetate, butyl acetate) which can cause eye, nose and throat irritation. Paints also contain ketones (acetone, methylethyl ketone, hexane) which have been clinically shown to damage the digestive, neuro-muscular and central nervous systems. Many old paints contain lead, which is now illegal.

A dollar per person from your household would help us reach our goal. PLEASE send YOUR contribution to: Treasurer, Mattapoisett Household Hazardous Waste Committee, and mail in care of the Board of Health, Town Hall, Mattapoisett, MA. 02739.

TO PARENTS:

As you know, our club has sponsored "Teen" Wharf Dances for the past ten years. Due to the large number of teenagers who attend, it has become necessary to set down several rules which are outlined below. We ask that you review the rules.

1. Dances are open to tri-town residents only (year-round and summer residents of Marion, Mattapoissett, and Rochester).

2. Age limit: 10-18 years of age only.

3. No "new" admissions after 9:45.

4. Dances end promptly at 10:30 p.m.

5. No loitering is allowed outside of the dance area and will be strictly enforced by police.

6. Please arrange for your teenager to leave the dance area as soon as the dance ends.

Your cooperation will ensure the continuance of our dance. Thank you,
Mattapoissett Track Club.

A Tribute to Benny Goodman

A REVIEW - HAL PETERSON

The sudden passing of Benny Goodman left the powers-that-be at The Melody Tent with a tough decision. Should they do the obvious and cancel the booking, set for June 21st, or should they bring in the band without their legendary leader? They opted for the latter choice and re-titled the show, "A TRIBUTE TO BENNY GOODMAN". The group, 14 strong, was the band that Benny assembled for the recent Public Broadcasting program.

They'd been together 16 weeks and had played and replayed all the Goodman classics, before, during and after the TV special. They played them all again for the modest crowd in Hyannis. It didn't take this listener long to make a few discoveries: these people (mostly quite young) were very proficient. They had every note of every arrangement down pat. The young man selected to play the Goodman solos was nothing less than brilliant. All the solos, in fact, were well played, but, the most shocking discovery of all was this....the band DID NOT SWING. Oh, a moment here and a moment there, perhaps, but generally, these were talented, skilled, rehearsed, dedicated young musicians trying to do something they could not do. The days of my youth came rushing back to my mind and I recalled, vividly, the feeling that went with standing in

front of the bandstand when the Benny Goodman band did its thing. Sure the music was great and played to perfection, but there was an intangible...a feeling....an emotion that I realized, on Saturday night, was gone forever. Gone was the pulse (Gene Krupa), the high-riding, free-wheeling trumpet solos (Harry James), the happiness...the joy of the song (Lionel Hampton) and the audible love the old band had for what it was, what it was playing and what it was doing....SWINGING. At once, the whole show at The Melody Tent made me very sad and very grateful....sad in the realization that "The King of Swing" was gone and would never be replaced and grateful that I was born when the music loving, record-buying public knew the difference between talent and sham, ability and gimmicks. music and noise. We have lost the Benny Goodmans, The Stan Kentons, The Glenn Millers and, in their place, we have Led Zeppelin, The Grateful Dead and Madonna. Don't tell me I wasn't born at JUST the right time. To be a kid today and to have been cheated out of all the thrills, the up-lifting, joyous, musically brilliant days of the big bands would be the biggest rip-off of my life. Next to my love of my wife, family and life in general, NOTHING

has meant more to me than my love for the GIANTS who roamed the land of big bands. They taught me to appreciate things which today's kids can't even be exposed to. The torn shirt has replaced the golden trumpet, the over-modulated guitar is where the sax section used to be and the freak costumes have replaced the red or blue blazers which every top band wore. Swing was king....but not any more. Heavy metal is where it's at. Swing is dead. The king is dead, LONG LIVE THE KING.

for the New Bedford fishing fleet, and for sport and commercial fishing boats from New England. The Bay's coastal zone continues to be developed for industry and recreation. Dr. Farrington will outline the various studies underway that address the complex issues of this increased use. He will also examine the environmental problems in New Bedford Harbor as well as the suggested solutions.

The BUZZARDS BAY exhibit at the Whaling Museum presents the history and natural science of the Bay, and was made possible with the generous assistance of the Lloyd Center for Environmental Studies.

journeys to Strawberry Banke in Portsmouth, New Hampshire on Monday, August 4th. Strawberry Banke is one of America's oldest continuously occupied neighborhoods, settled in 1630.

Originally named for the profusion of wild berries found on its shores by the first English settlers, Strawberry Banke today is a living museum devoted to the preservation of 37 original historic buildings located on ten acres near Portsmouth's waterfront.

In addition to its fine architecture, this living museum offers exhibits, craft shops, boat-building, historic gardens, and period-furnished homes. Fine restaurants, tax-free shopping, and the waterfront are all within easy walking distance.

Cost of the trip is \$21. for Museum members, and \$25. for the general public. Included in the fee is transportation by luxury motor coach, and day-long admission to Strawberry Banke. The coach will depart from the Glass Museum, 50 North Second Street, New Bedford, at 8:30 a.m. and return at approximately at 7 p.m.

Deadline for reservations is July 28th. To reserve, please call the Museum at 994-0115, or mail your check to New Bedford Glass Museum, 50 North Second Street, New Bedford, MA.02740. Museum hours are 10 to 5 Monday through Saturday, and Sunday 1 to 4.

Glass Collectors' Workshops

The New Bedford Glass Museum is offering summertime workshops for antique collectors. Subjects include cut glass, Art Nouveau, jewelry and glass, and Pairpoint lamps and silver.

On July 21 the first workshop will cover "Etched, Cut, and Engraved Glass", taught by Museum Director Janie Chester Young. Students will learn to identify the techniques of various and cut glass, signatures, the determining factors in quality, and care of cut glass. Emphasis will be on New Bedford cut glass, but pieces from Pittsburgh, Corning, Libbey and European wares will also be discussed. Each student may bring up to four pieces for identification.

"Art Nouveau Jewelry and Glass" is the subject for July 23, when Mrs. Young will give students illustrated talks on the two major crafts of the Art Nouveau period, 1855-1910. Students will also examine actual artifacts of the period, learning distinguishing national characteristics, how to identify materials, techniques, and quality, and the historic origins of the style. Students may bring up to four pieces for identification.

The final workshop is August 6, when Mrs. Young will address collecting "Pairpoint Lamps and Metals". Lighting devices from

"THREE COINS IN THE FOUNTAIN"

On Monday, July 21st, the Zeiterion Theatre presents Three Coins in the Fountain with Clifton Webb, Dorothy Maguire, and Louis Jordan as part of its Classic Film Series. The film contains the Oscar-winning title song sung by the inimitable Frank Sinatra. Tickets are available at the Zeiterion box office and are priced at \$2.50 for adults and \$2.00 for seniors and students. Screenings are at 2 and 7:30 p.m.
